

FUTURE NEEDS OF NURSING CARE

Inderpreet Kaur

M Sc.Critical Care Nsg(AIIMS),MPA

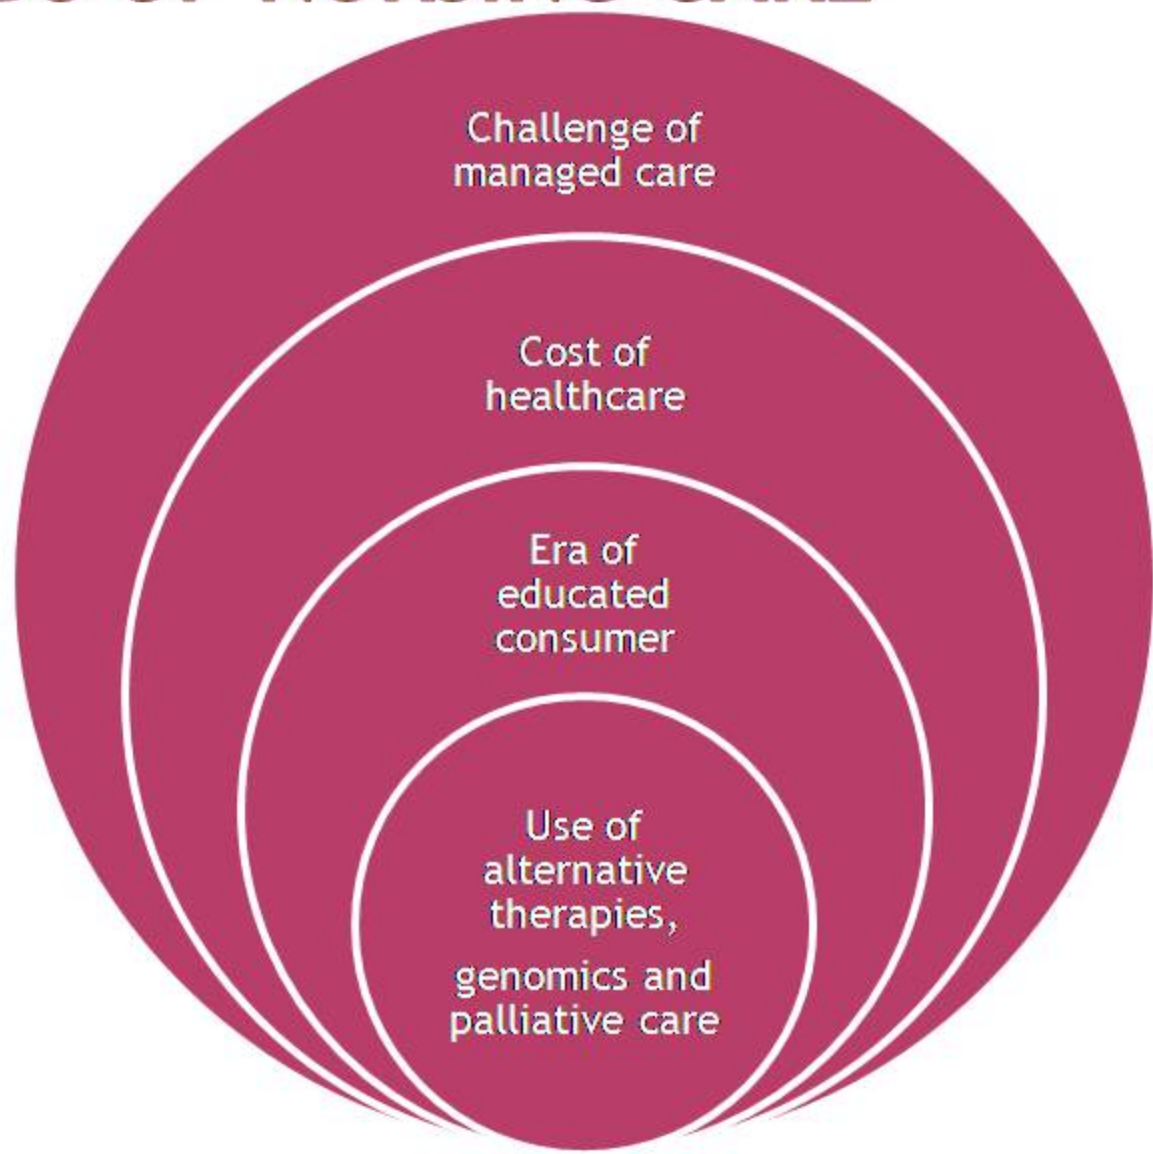

Principal,Florence College of Nursing,Fbd

BACKGROUND

- Nurses play a fundamental role in healthcare.
- Professional Nursing Practice Model

REASONS TO KNOW ABOUT FUTURE NEEDS OF NURSING CARE

FUTURE OF NURSING CARE

Leading
Change

Advancing
health

AREAS OF TRANSFORMING NURSING PROFESSION

- Nurses should practice to full extent of their education & training.
- Nurses should achieve higher levels of education and training through an improved and easily accessible education system
- They should be full partners with physicians in redesigning health care.
- Integration of practice, education and research in nursing care.

NEED OF TRANSFORMING NURSING PROFESSION (CONTD....)

- Enhancing the image of nursing profession to the public.
- Orderly transmission of organisation history, policies, protocols from experienced nurses to younger nurses

RECOMMENDATIONS FOR THE FUTURE

- ⦿ Remove scope of practice barriers.
- ⦿ Implement nurse residency programs.
- ⦿ Increase the proportion of nurses with a baccalaureate degree to 80% by 2020
- ⦿ Double the number of nurses with some specialization by 2020.
- ⦿ Ensure nurses engage in lifelong learning.
- ⦿ Dissemination of information that improves nursing practice and hence patient outcomes.

FUTURE RECOMMENDATIONS (CONTD..)

- Enable nurses to lead change towards advanced healthcare.
- Effective workforce planning and policy making.
- Concept of human factor and safe care.
- Concept of quality and comprehensive nursing care
- Optimistic use of technology in delivering nursing care to clients
- Adoption of newer roles by nurses in healthcare.
- Research promotion

The door
has
opened

Nurse Practitioners
SHAPING THE FUTURE

OUR CHALLENGE

We are building the plane at the same time as we flying it

EQUIPPING OURSELVES TO MEET THE CHANGING ROLE BY

RESEARCH

- Shalala Donna E, chairperson at IOM submitted a research report that points out that ***NURSES are going to have a critical role in the future especially in producing safe, quality care and coverage for all patients in our healthcare system.***

FLORENCE NIGHTINGALE

- Was tough, outspoken and passionate about her work and the value of nursing.
- Its high time to pick up where the noble lady left over 100 years ago
- Take the **opportunity** to

Renew our
confidence

Own our
power

Elevate
our
standing

Thank you
